

## CHOCOLATE TASTING

A fun, tasty and perfect feature in your conference where we knock out some myths and try exclusive chocolates by well-chosen producers. We go through production, cultivation and origin, a little chocolate policy and the latest news in the chocolate industry, interspersed with the actual tasting. Everything to develop and identify your personal taste preferences. You also have the opportunity to buy your personal favorite with you home.

## WINE TASTING

Welcome to the amazing world of wine. During this hour you will learn how to sample wine and the various characteristics that characterize grape varieties and wine types. Under guidance, a total of 6 carefully selected wines are tested based on appearance, aroma, taste and composition. Regardless of previous knowledge there is much to learn during this test which in an entertaining way gives wine interest new dimensions
